What is Business SMS?

Business SMS allows you to send text messages from a PC to your customers and other contacts - it's a simple, economical communication tool. To provide our clients with the best SMS service we've partnered with MessageMedia, Australia's largest business SMS provider.

Get great results with SMS & Tower Systems

Improve Customer Service

- SMS can dramatically reduce your operating costs. It is far more cost-effective than calling, emailing or mailing your customers, staff and other contacts - and much quicker too!
- Use SMS to automate business processes, reduce staff overheads and improve efficiency by confirming attendance or reminding customers about repeat events
- Add value generating customer satisfaction and return business.

Why does Tower Systems use MessageMedia?

• SMS is a simple, innovative way to establish a competitive edge in the ultra-competitive retail market.

Communicate with your Workforce

• SMS is a simple, non-intrusive way to communicate with your workforce. Send a single SMS to hundreds of handsets and receive instant replies.
• Unlike a phone conversation, have correspondence documented and tracked
• 97% of SMS are opened and 83% are opened within four minutes

Marketing

• SMS is a powerful compliment to other media and communication channels
• Quick and personal communications that offers immediacy and cut-through
• Send SMS for VIP nights, special offers, daily promotions and end of season sales

Why SMS? More people use a mobile than any other medium

“SMS is so much quicker and more practical. For example we never have to recall because someone didn’t pick up, and we get replies back from happy customers!” E. Price Operations Coordinator, Eckersleys
